

FIRST STEP TAKEN TO ABANDON ROADS IN FALLS TOWNSHIP TO MAKE ROOM FOR STEEL PLANT

First of Series of Petitions Filed in Bucks County Court To Close Numerous Roads in Penn Manor Section of Falls Township—Done to Aid the Building of Huge New Steel Plant for United States Steel Corporation

DOYLESTOWN, Jan. 18 — The first step toward the abandonment of roads in Falls Township for the steel plant of the United States Steel Corporation has been taken in the Bucks County Court. Nine petitions, the first of a series which are reports from the Falls Township Supervisors in connection with the abandonment of roads have been filed in Quarter Sessions Court.

It is stated that practically all of the roads extending from the Kings Farm Packing house, to the Delaware River to Morrisville are to be closed.

The Falls township Supervisors are Harrison H. Carver, Clifford Watson and Charles W. Appenzeller.

The nine petitions, or reports, contain a draft, or survey of the roads which are included in the several thousand-acre tract which United States Steel Company purchased for its gigantic plant in the township.

The petitions have a map which shows the names of the former owners of property and sections of the road which are to be abandoned attached.

The nine petitions seek vacation of part of Pennsylvania State Legislative Route, No. 9015, Stinson road, Bordentown rd., Chapel rd., Lower Penn Valley rd., Tullytown and Robbins roads.

Deputy Clerk of Quarter Sessions after C. Schroeder said there will be 35 or 40 petitions filed before all the roads within the steel company's holdings are vacated legally and with the Falls Township Supervisors' reports.

THE WAR

By Howard Handelman

(Far Eastern Director, INS)
TOKYO, Jan. 18 — (INS) — Pierce fighting erupted in South Korea's vital west sector late today and raged also in the east-central area as allied planes pounded red troop trains and trucks rolling south for an expected big push.

A strong U. S. Eighth army tank-patrol met heavy resistance from what the unit's commander described as "a large enemy force" at Kumyangang, 22 miles southeast of Korea's Communist-held capital of Seoul.

International News Service war correspondent Lee Ferrero reported at 6:10 Thursday evening (4:10 a. m. EST) that the encounter began late in the afternoon and "the fighting is continuing."

Some 16 hours earlier, two United Nations companies had broken off a stiff fight with two Chinese platoons five miles northeast of Kumyangang. The town is a four-way road center midway between two of the main routes leading down the western seaboard from Seoul.

A 90,000-man Chinese army and North Korean units were poised for an assault south and southeast of Seoul following Red China's rejection of the UN cease-fire proposal.

ONE OF MOSCOW'S MOST DETESTED FOES

Rainer Hildebrandt is Also One of Most Feared Men in Berlin

FORMER JOURNALIST

How the vast and ever-expanding anti-Communist resistance movement in eastern Germany is being controlled from Berlin is described in the following exclusive article. It is the last of four by an International News Service Berlin correspondent who penetrated behind the German Iron Curtain to obtain and document his disclosures of the internal German revolt against Soviet tyranny and oppression.

By Richard S. Weil

(I. N. S. Staff Correspondent)
BERLIN, Jan. 18 — (INS) — Heading the black-books of the secret police of Soviet Germany is the name of Rainer Hildebrandt, whose role in the battle against Communist oppression has made him one of Moscow's most feared and detested foes.

A former journalist in his middle thirties, Hildebrandt is the lean-jawed director of the "fighting group against inhumanity." Originally this was a voluntary, non-political organization created to help the victims of the Russians and their East German puppets.

Today it has progressed far beyond its initial purpose to become one of the key fronts in the fast spreading battle to throw off the Red yoke in the Soviet zone.

Hildebrandt opposes the use of terror and violence in the fight against Communism. But the weapons the "fighting group" employs have proved themselves just as potent as grenades and fire bombs.

It was the "fighting group" that originated the F for "freedom" symbol which underground groups throughout East Germany emblazoned.

"THE MEEK, THE TERRIBLE MEEK"

When nobody knows, one man's guess may be as good as another. Nobody knows what the vast inarticulate multitude of just plain men and women think about things today. They are the great American meek — the meek who were to have inherited the earth — or at least peace and security and self-rule under our Constitution. For years they have been taking whatever happened. Did the banks fail? Did inflation eat up their dollars? Did war controls disrupt their lives? Did their sons and brothers and fathers surrender years out of their careers to fight the nation's battles? The meek have remained meek. Depression, war and inflation—the meek have shed the blood and paid the bills.

And today have the meek come to the end of their tether? Are the meek, the terrible meek, seething with a sullen fury, biding their time to lash out at those on whose laps they place the blame? Is this great land fermenting with an unrest that in other days and other places might have ruptured forth into revolution, but which here will produce a devastating if bloodless revolt next balloting day?

Strictly as a personal report, with no intent to claim its infallibility, no thought of presenting it as more than one man's groping in the dark—let's lay it forth to be examined.

From one man's view, after a trip through the remoter parts of this Commonwealth, chatting with farmers and with housewives, with garage proprietors and business men and smalltown newspaper editors, with casual meetings and overheard conversations, interviews which were ninety per cent listening and ten per cent talk—for whatever it may be worth, here is an opinion:

Not in the past forty years of which the writer has

NEED CONTRIBUTIONS

The "March of Dimes" drive is now on and Mrs. Robert Braker, 246 Cedar st., Bristol, is serving as chairman for this area. Mrs. Braker states that she is willing to accept all donations made to this cause and contributions can be sent to her.

"Polio epidemics, striking the nation three years in succession, have cost the National Foundation for Infantile Paralysis more than \$58,000,000 for patient-care alone and have left the organization with a bare treasury to face epidemic demands of this year," it was disclosed today by Frank X. Shelley, Jr., Bucks County Campaign Director of the 1951 March of Dimes.

"Since the organization was created in 1928, it has provided \$94,000,000 for patient-care," Mr. Shelley declared. "Almost two thirds of this amount, he said, was spent in 1948, 1949, and 1950, when more than 100,000 people in the United States and its territories were stricken."

"Approximately 54,000 men, women and children afflicted by polio needed some March of Dimes help during 1950, the director asserted, 30,000 of them patients from previous years."

"There is little hope," he said, "that this staggering case-load will diminish appreciably in the next

"The Thing"

(By "The Stroller")

That huge box or case near the P. R. R. station at Crofton has attracted much attention. No one appears to know what is in the box, who it is for or where it is going. Some individual with heavy black crayon the other night printed on the side of the case "The Thing."

The case has been there several days and curious observers are wondering who the box belongs to and what is in it.

Could it possibly be "The Thing"?

ONE MAN'S OPINION

By Walter Kiernan (Distributed by International News Service)

As we understand it now, Mr. Truman has full power to send troops anywhere he wants... but he had better ask Congress before he does it.

We are indebted to Sen. Paul Douglas for the clarification... now we know exactly what is the situation. Repeat... what is the situation?

I just reread the constitution, using a large magnifying glass, and there is nothing in there about this point, but it may be we are operating under an expanded edition.

Anyway the point is taken late... we have a lot of fellows in Korea who didn't get their hon voyage messages from Congress.

And it was no voluntary 60 day vacation cruise either.

But any time is a good time to establish that the constitution is more concrete than elastic even though it has been bent considerable in the last dozen years.

If it isn't a good document, why are we so terribly proud of it?

WORLD NEWS IN BRIEF

Peiping rejected the United Nations proposal for a cease-fire in Korea, followed by talks on other Far Eastern questions, as a dodge "merely to give United States troops a breathing space." Foreign Minister Chou En-lai made these counter-proposals: Communist China, the Soviet Union, the United States, Britain, France, India and Egypt negotiate on the basis of the withdrawal of all foreign troops, with the Koreans settling internal problems; talks "must include" the removal of United States forces from Formosa and Formosa Strait; the talks should be held in China, and, Peiping's membership in the United Nations should date from the opening of the negotiations.

Secretary Acheson denounced Peiping's "contemptuous disregard of a world-wide demand for peace" and called the counter-proposals "unacceptable."

The United States plans to push its demand in the United Nations that Communist China be branded an aggressor.

Such effort, Indian Prime Minister Nehru said, would be "dangerous" and would "bolt and bar the door to a peaceful settlement" in Asia. The British and French were

surprised and disappointed by Peiping's rejection.

A British Cabinet shake-up shifted Health Minister Bevan to the Labor Ministry, Pensions Minister Marquand to Mr. Bevan's old post and Labor Minister Isaac's replacing Mr. Marquand without portfolio. The British, now on a one-meal-a-week meat diet, face a further cut as trade talks with Argentina collapsed.

Premier Plevin of France will confer in Washington with President Truman late this month on "important problems of mutual interest."

Governmental manpower controls limiting the number and movement of workers to assure success of the mobilization program "will be used when and to the extent needed," President Truman ruled. Stabilization officials indicated that a general price freeze would be speeded but would not come within the next few days.

NEEDED MORE THAN EVER

Credit the Citizens Committee for the Hoover Report with a timely reminder. The job of reorganizing the executive branch of the federal government, says the committee in its latest summary, is about half done — and this should mean an eventual saving of perhaps \$2,000,000,000. But the job needs to be finished.

That is a timely reminder because some might think it would be a mistake to push this reorganization program at a time when the government is spending scores of billions for armament. The truth is the need for efficient governmental machinery is all the greater now "to withstand the shock and strain of continuous economic and military attack."

It would have been better if the whole undertaking had been wrapped up long before this. But when the apparatus of government has been demonstrated to be faulty as well as extravagant, the only sensible course is to strengthen it before it breaks down entirely.

Certainly it is absolutely imperative that the cost of government be reduced to a minimum at a time when defense outlay will boost federal spending to wartime levels. Every dollar saved will be a dollar that will not add to inflationary pressures, and runaway inflation could bring a disaster almost as terrible as military defeat.

The hard part of the reorganization program is still ahead. Dr. Robert L. Johnson, chairman of the citizens committee, thinks the 50 per cent still to be done will be "far more difficult" to accomplish than the first half. But he must be proved wrong. The need is greater than ever.

INDUSTRY IS READY

One of President Truman's requirements in behalf of war and defense is the production of 50,000 planes and 35,000 tanks a year. On the face of things this sounds like quite an order. But it was quickly answered by the nation's industries, which gave assurance that the needs would be met without trouble.

William M. Allen, president of Boeing, speaking in behalf of the plane industry, pointed out that during the peak of production in the last war American factories turned out planes at the rate of 96,000 a year.

Donald W. Douglas, another leading manufacturer, declares that given materials, manpower and authority, the nation can build modern and efficient planes in any number. "The President, the air force and the people of the United States know this," Douglas declared. From Detroit comes word that the 35,000 tanks a year will be forthcoming.

There should be no concern over the matter of production, whatever the requirements may be. This nation's industry, the greatest on earth, has come through in the past and will not fail now. Mr. Douglas says all that is needed is materials, manpower and authority. Industry will supply the rest.

Host To Team

portation," and George Willauer, of The Bristol Courier.

"No introduction of the coaches is needed so at this time I will call on John Antoni, J. V. coach," said Mr. Dick.

Coach Antoni told those assembled: "We have a fine team at Delhaas and they all showed what real team work means in all the games they played. A football team is just as good as the fellows playing the game, and we had all good fellows on our team. It is my pleasure to introduce the Junior Varsity team to you: Robert Kaizer, captain, and Bill Cummings, co-captain; Robert Krause, Robert Whitcoe, Kenny Alfrey, Lester Gibbs, Joe Muth, Frank Linck, Jack Gleason, George Conn, Francis Shade, Robert Morris, Don Turner, Jack Petro, and Ronnie Selick."

In closing, Coach Antoni said: "These boys played every J. V. game during the season and I have yet to see a team show as much spirit as this team. I want to say 'thanks, fellows,' for a wonderful season and you earned all the glory you receive."

Berkley Ellis, Junior High team coach, was next called upon for a few remarks. Coach Ellis said: "This team is the best ball club I have ever had anything to do with. When we had eleven men on the field it was eleven men playing. The following boys played on the Junior High team: Jack Petro and Robert Morris, captains; Dave Miller, Bill Johnson, Don Turner, Robert Dechico, Ed Huett, Rod Cary, James Bustraan, Robert White, Louis Coyne, Larry Katz, Joseph Gleason, Gerald Stein, Mike Scioff, Kenny Worthington, Ross Smith, and Robert Kelly."

In closing, Coach Ellis said: "Boys, get out and play ball no matter what school you go to even though you are new in the school. Be sure, fellows, to get out and give it to them."

The team managers were called upon as follows: Kenny Allen, Dick Glover, Edward DeKoyser, and Don Biggs. Mr. Dick then called on team captain Robert Kaizer for a few remarks.

Mr. Kaizer said: "I wish to thank the board on behalf of the team for this fine time here tonight; also, the team wants the coaches to know that the team thinks the coaches have done a fine job, and it is a pleasure to play ball under them." He then presented wallets to coaches Antoni and Ellis.

"It is through the kindness of the school board," Mr. Dick stated, "that we have the fine equipment that we have. They have been in

back of the team all the time. When the team hits the field it looks like a football team and one to be proud of."

The J. V. team was undefeated again this year; 170 points were scored by the team in six games and they played all the J. V. teams in Lower Bucks County. The two boys who scored the most points for the season were Joseph Muth and Jack Gleason.

"The boys on this fine team I know are started on the right road and it proves the value of having such a fine school board behind the team. They will always be with you, fellows, and look out for your good while you are in school."

In closing, Mr. Dick said: "I know that in years to come we will be proud of these fellows on the Board and they will be doing everything possible to make Delhaas stand out, not only in Bucks county but also in the state."

Films of the West Chester-Stroudsburg game and the West Chester-Bloomsburg game were shown.

few years. Certainly the public health records of the last three years offer no encouragement. Each year thousands of patients were added to the list of those requiring treatment for a long time. What 1951 holds for us is still an unknown quantity, but we must assume that more people will be stricken and that care for those who need help must be provided by March of Dimes contributions.

"In addition to underwriting care," Mr. Shelley continued, "the National Foundation is making a tremendous and costly effort to conquer the disease itself. This is the real goal of the movement. Since 1938, we have allocated \$11,753,736 for research. We must probably spend millions more, before medical science discovers an effective means of controlling polio in the early stages or preventing it altogether. Working with National Foundation grants, scientists in leading universities of the nation are hard at work on this phase of the fight against polio. Some day—perhaps sooner than we expect—the goal will be attained."

Virus research has required \$8,841,158 in March of Dimes funds since the National Foundation was formed. Mr. Shelley said, while \$2,912,578 was earmarked for research into the treatment of after-effects of the disease. Grants and appropriations in the field of education and non-epidemic medical care in 17 years have reached a total of \$12,076,218 and \$4,737,278 respectively.

"The training of skilled personnel," Mr. Shelley said, "is one of the major accomplishments of the March of Dimes. Each year brings a greater demand for reconstructive work with polio patients. The work of doctors and other professional men and women allied with them enables many polio patients to return to useful and adjusted lives."

"At present all these accomplishments of the National Foundation are at stake. The March of Dimes must raise vastly more money in 1951 if these activities are to continue unhampered."

Mr. Shelley said it is also imperative to maintain the National Foundation's equipment centers, which work on a seven-day, 24-hour-a-day basis to supply iron lungs, hot pack machines and other pieces of polio

therapy equipment to any city, town or village in need. These supply depots are located in Boston, Mass.; New York City; Columbus, Ohio; Portland, Oregon; San Antonio, Texas; Atlanta, Georgia; and Denver, Colorado.
Last year more than \$1,000,000 worth of equipment was shipped to all parts of the United States through National Foundation channels.

"The Meek, The Terrible Meek"

Continued from Page One

personal knowledge have mistrust and disapproval soared higher with regard to an occupant of the White House.

Undoubtedly, President Truman has supporters and defenders among the American people. Maybe if there were to be a referendum on his record tomorrow, he would win. But not on the basis of the brief one-man strawpoll just completed. If it means anything, the President would lose two or three to one on a straight "vote of confidence."

One great question trembles on the tongue of the American men and women. It is asked by the fathers and mothers, by the veterans of the recent war, by the growing boys and girls. One hears it on the campus, in the farmhouse kitchen, in the country store, in the small houses and the large houses. Factory hands are asking it, and so are women at sewing parties, and farmers buying gasoline at the service station.

The question is "WHY?"

Why, little more than five years after a victorious war fought and won at great sacrifice, does it now appear we must go and do it again—at more cost, more sacrifice, more deaths and crippling?

President Truman hasn't answered that question, not in terms for the little fellow to grasp. And he had better answer it, and fast, if he and his party hope for a political future. That's the way it stands, from this one man's opinion. The terrible meek have had five years of big-talk and boasting. They have waited meekly—waited for consumer goods to come back to the shelves, waited for earnings to catch up with prices, waited for normal living to resume. They have protested not at all over spending on a scale never before known to humanity—billions for foreign aid, billions for armaments, billions for mysterious purposes no one can define.

Meekly they have listened to assurances that all was well, that the masterminds in Washington knew the answers. They have meekly withheld judgment on the cocky little man in the White House—the little man with the quick tongue and the rash fountainpen. It was also six years ago—six years this coming April—when he touched America's heart in his first public gesture, recorded for immortality by the movie camera—a quick unrehearsed seizing of the Bible to kiss it in emotion over his swearing in.

Has he changed since then—since the days when he told the American people that he would need their aid and their support in the tasks before him? The American people have not. If he hasn't then certainly the picture of him has. No longer does he ask for aid. No longer do his language and his bearing hint that he might need assistance and guidance—either from his frail human companions on this earth, or from the Providence above that leads the devout to the secret places where guidance and inspiration are found.

Make no mistake about it—if the one man's survey means what it appears to mean—then the American people themselves are nearer to unity than they have been for a generation—they are united overwhelmingly in disapproval and mistrust of the national defense policies as these have been promulgated and administered by President Truman.

One of Moscow's Most Detested Foes

Continued from Page One

In brilliant red on Russian and Communist buildings.

Millions of leaflets and placards demanding defeat of "Communist enslavement" are printed by the "Fighting Group" and flooded over the Soviet-held areas of the divided Reich.

Hildebrandt himself broadcasts continually to East Germany via RIAS, the American radio station in Berlin.

In these programs he urges "resistance without terror," boycotts of all phases of Soviet and Communist political and cultural life, and refusal to yield to the arbitrary acts of the Communist dictatorship.

Largest and best organized of the various resistance movements, the "Fighting Group" enjoys the close and active support of the Allies.

Although not associated in any official way with the "Fighting Group," RIAS nevertheless provides abundant time for Hildebrandt and his co-workers, and in its own broadcasts to the Soviet zone, the station gives the "Fighting Group's" methods and objectives open American endorsement.

One of the principal efforts of the "Fighting Group" is directed against the Communist concentration camps whose victims since the war are numbered in the hundreds of thousands.

In its pamphlets and broadcasts, the "Fighting Group" exposes the cruelties to which the inmates are subjected, the subhuman conditions which normally condemn prisoners to death by starvation or exhaustion.

In addition the "Fighting Group" uses all of its resources to rehabilitate escaped prisoners and the East German political refugees who stream into West Berlin by the tens of thousands.

In recognition of the efficacy of the "Fighting Group," Communist agents have made two attempts to kidnap Hildebrandt. On the more recent occasion they tried to seize

him as he drove away from his headquarters in the U. S. sector.

The "Fighting Group's" headquarters, a rambling stone house near the once-fashionable Wannsee Lake, contains a wealth of information about Soviet zone political activities and about resistance activities.

Periodically Communist spies appear there posing as legitimate refugees, and attempt to pry out some of the vital secrets.

The "Fighting Group" has perfected an intricate system of interrogation which usually shows up quickly those with improper motives.

But despite these precautions, every room and corridor bears a placard with the warning that the "MVD (Soviet secret police) may be listening."

A newer organization, whose work in many ways parallels that of the "Fighting Group" is the "Investigating Committee of Free Jurists of the Soviet Zone," composed principally of refugee lawyers and judges.

The committee limits itself primarily to propaganda warfare, and to the grim and public compilation of the crimes perpetrated by Soviet and East German officials.

The leader of the Free Jurists is Dr. Theodor Friedmann, who, like Hildebrandt, was jailed in 1944 for having taken part in the bomb plot against Hitler.

The committee is now drawing up indictments against East German officials for use if they can be brought to justice in the future.

Marked for retribution are all of the major government leaders.

FALSE TEETH

That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FAST-TEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FAST-TEETH at any drug store. (Advertisement)

Bensalem Group Given First Attendance Banner

Approximately 100 attended the Bristol Sub-District Methodist Youth Fellowship rally in the Morrisville Methodist church on Tuesday evening. The devotional service

The minutes were read by the secretary, Miss Anne Hedrick, and the treasurer's report was given by Miss Elsa Ott. The Bensalem group was awarded the first banner and Yardley was awarded the second banner for their attendance.

The next rally will be on Tuesday, Feb. 20, at Yardley and the next hymn sing will be at Emille on Sunday, Feb. 4.

A council meeting was held following the adjournment of the business meeting.

Games were played and refreshments were served.

CORNWELLS DROPS ITS FOURTH GAME; ROHM & HAAS WINS

The Cornwells Boys Club dropped its fourth straight game of the Bristol Basketball League last night as it bowed to the Rohm and Haas team, 57-45, on the latter's court.

The chemical mixers scored 32 of their points in the second half of the game with 19 coming in the last quarter. It was Nick Spadaccini who paced the second half spurt with 16 points while "Auggie" Everett was using his height to a good advantage in controlling the boards.

Both teams were a trifle slow in finding their scoring eyes. It was fully five minutes before Marty Braam sunk a foul try to give Rohm and Haas its first point. The score at the end of the first period was 6-6.

For Cornwells, the lid seemed to be on the baskets all night. The losers missed many easy shots and even the usual reliable "Bill" Butz found difficulty in dropping the ball through the rim. Rohm and Haas made but one field goal in the first period, Braam scoring that.

Spadaccini and Everett accounted for 32 of the Rohm and Haas points. The latter had several tap-in field goals. Bill Curran had 14 points for the losing team with Butz and Harry Kisters getting twelve each. In the final quarter, Kister scored three consecutive field goals on pivot shots.

LUCISANO FIVE TAKES POSSESSION OF FIRST PLACE

The Lucisano Brothers team, of Tullytown, took undisputed possession of first place in the Bristol Basketball League with a one-sided 59-25 victory over the Profy five last night on the Rohm and Haas court.

It is believed to be the Profy team's worst licking since it joined the Bristol circuit. It marked the fourth straight win for the Tullytown boys and initial defeat of the Mill Streeters.

The second half actually doomed the radiomen. The half-time score ended 22-19 with Profy's making a fine comeback after Lucisano had taken a 12-4 lead. In the third quarter, the Profymen made but four points while in the final period, the strong Lucisano defense only permitted two points, a fielder by Allen Burton after six minutes of playing had elapsed.

While the Profy team was having all this difficulty in scoring, the Tullytown aggregation seemed to be scoring at will. It made six field goals in the third session and followed with 9 double-deckers in the last period.

Every player in the Lucisano line-up had two or more field goals. Joe Brelsford was shut out until the start of the last quarter when he cut the cords with two beautiful set shots from the dividing line of the court. The other field goals were about equally divided.

Tullytown had a poor average from the foul line, making but 9 out of 24 tries but its wonderful mark from the field overshadowed its free-shot tries.

Profy's Joe Pindar was held to eight points by Frank Thropp who did an excellent job of guarding. Pindar left the game early in the last quarter via the personal foul route after sitting out part of the third session.

The closest the Profy team came to the Lucisano total was in the first half when Pindar scored a pair of fielders and a foul to cut a 12-4 deficit to 12-9.

Dick Anderson played good ball for the winning team.

EDGELY INTERMEDIATE
Ronald Karr, of fourth grade, travelled to Florida with his parents for his Christmas vacation. Ronald brought back several souvenirs and gave an excellent report to the class of the things he saw and did.

A short while ago a big envelope was received by the students of the Edgely, Maple Shade and Newportville schools from their partner school in Waldkraiburg in Germany. When it was opened we found a letter very carefully written in English, a booklet about the kind of work the parents of our friends are doing now that they have come into Bavaria from their former homes, and two samples of the things made—a big card of different kinds of buttons and some little pendants with the Waldkraiburg coat-of-arms.

The following is an excerpt from our friends in Germany: "... and we think our school-fellows are quite keen of learning English too now, but we are happy to know it already a bit. Excuse our answering so late, but the beginning of the new school-year was very hard again. We got also a new Germany teacher and so we had first to accustomed to him, but it is now o. k." We Edgely children wonder if we could do as well if we had studied German in a short time.

GENERAL NEWS
Miss Edith Hoffman, a consultant from a publishing firm, will discuss the "Phonetic Approach in Reading" to the teachers of Bristol Township Elementary Schools. She has planned three lecture periods to conform to various school schedules. A free discussion will be held, with Miss Hoffman demonstrating various new techniques in reading. Schools will be closed on Thursday, January 18th, for a County Workshop Day. The elementary teachers have planned a second industry trip for the morning session. They will visit Paterson Parchment Paper Company to observe the paper industry. In the afternoon, a

meeting is to be held in the Delhaas high school library. The speaker will be Dr. Leeversia L. Powers, chief of elementary education, from the State Department of Public Instruction in Harrisburg. Before and after this meeting, there will be a large display of library books from the Junior Literary Guild. Guests will be Dr. Genevieve Bowen and teachers from Bensalem, Council Rock and Tullytown.

MERCER MUSEUM
ATTRACTS CROWDS
Total of 9,320 Signed The
Register at Doylestown
Last Year
INCREASE OVER 1949

Mercer Museum of the Bucks County Historical Society, at Doylestown, drew tourists from all over this country and many other nations to its unique exhibits last year. A total of 9,320 signed the register, including hundreds of students.

The total was considerably higher in 1950 than in 1949 when it was 7,643, and in 1948 which was 7,067.

Broken down into months, there were 154 signatures during January, 232 in February, 456 in March, 1039 in April, and 1354 in May. In June there were 1182 visitors, including many newlyweds, 1115 in July, 1140 in August, 620 in September, and the heaviest load of the year coming in October, with 1413 adding their names to the roster, dropping to 390 in November and 185 during the Christmas month.

All the schools, Cub, Brownie and Girl and Boy Scouts from Doylestown and nearby towns, made frequent visits to the local museum, plus several schools making the trip by bus from other states, such as the School for the Deaf from New Jersey, and a group of 44 from the Baptist Bible Seminary, Johnson City, New York.

Unlike many other Doylestown places of renown, the Bucks museum is also appreciated by other Doylestonians beside students, their names often showing up on the register, and often including an exhibit on their amusement list for house guests.

Representatives of at least thirteen foreign countries also included the museum on their itineraries, coming from Switzerland, Egypt, El Salvador, S. A.; France, Russia, Portugal, England, Mexico, Germany, Scotland, Puerto Rico and Japan, and quite a large number crossing the border from Canada.

While there are a number of recognized names from the social register and "Whos Who," there are also the customary number of "jokers," several signing their names as President Lincoln and Washington, "Lana Turner in the flesh," and "Kilroy." There were also a few who thought it extremely funny to give their addresses as the county jail, which is across the street from the museum.

SUNDAY DINNER
Suggestions

THERE'S nothing like advance preparation to pave the way to a delightful Sunday dinner. This is especially true if your object is a dinner with some leftovers that will make an easy-to-fix, yet tempting meal later in the week.

For this week's Sunday dinner, A & P's Service to Homemakers recommends just such a meal. Its main dish is browned breast of veal. Here's how to prepare it:

A day in advance, take 3 pounds of breast of veal and cut into 4-inch squares. Wipe the veal with a damp paper towel and put into a saucepan. Pour in 4 cups of hot water, 1 minced and 2 peeled small onions, 1 minced stalk of celery—plus salt and pepper to taste. Cover the pan and simmer for 1½ to 2 hours—until the meat is tender and loosened from the bones. Then chill in the pan liquid and store in the refrigerator until the next day.

The next day, take the meat from the liquid and remove the bones. Now measure the liquid left. If necessary, add enough water to make 3 cups. Pour this back into the saucepan, add ½ teaspoon of dry mustard, 2 teaspoons of Worcestershire sauce. When the liquid boils add 2 cups of medium-fine noodles. Cook these uncovered for 15 or 20 minutes until tender.

While the noodles are boiling, roll the veal in flour and brown in 3 tablespoons of hot fat in a skillet. When the noodles are tender, pour ½ cup of light cream over them and reheat to boiling. Now arrange the browned veal on a platter and pour the noodles and sauce over it. Garnish with parsley and serve with buttered peas and a salad of lettuce wedges with Russian dressing. Hot rolls are a pleasant accompaniment.

The main dish will serve four adequately, and these should be some left over to serve later in the week, baked in a casserole topped with a sprinkling of cheese. For dessert, serve baked apples with a dab of whipped cream.

NEWS OF INTEREST TO PA. FARMERS

By Al Spivak

(I. N. S. Penna. Farm Editor)
HARRISBURG, Jan. 18—(INS)—Pennsylvania farmers are expected to show higher incomes which are predicted for the nation in 1951.

The picture dulls, however, when Keystone State farmers consider warnings that taxes and costs of operation and living will rise during 1951 while agricultural supplies and farm labor will be at a premium.

The forecasts are issued by the U. S. Agriculture Department whose economists report that expanded buying power of consumers will increase demand for nearly all types of goods well above the 1950 level.

"Farmers are expected to respond to the increase in demand with record production if the weather is normal," report economists.

"In view of the price increases for agricultural commodities that already have occurred and the likelihood of larger agricultural pro-

duction in 1951, the cash receipts from farm marketing probably will be up at least 10 per cent next year."

An anticipated increase in production costs will not offset all of the gain in receipts, according to the economists.

"For 1951 as a whole, farm operators are expected to realize a net income at least 15 per cent higher than is estimated for this year," they say.

This will be above 1949 but below 1947 and 1948.

During the first half of 1950, the experts point out, the demand for farm products and other commodities increased steadily as the economy of the nation recovered from the 1949 slump.

After the outbreak of the war in Korea June 15, the upward trend was accelerated.

In six marketing areas, dairy farmers were relieved by the State Milk Control Commission from hav-

ing to accept a 40 cent cut in the price of milk for each hundred-weight (46½ quarts).

The farmers had joined dealers in appealing to the Commission to cancel a scheduled price cutback January 1 in the Harrisburg, York, Lancaster, Reading, Philadelphia and Philadelphia suburban areas.

Producer prices for Class 1 milk are \$5.50 in Harrisburg Zone One, York and Lancaster, \$5.30 in Harrisburg Zone Two, \$5.84 in Philadelphia and \$5.59 in the Philadelphia suburban.

Although a one-half cent retail price increase was authorized in the two latter areas, producer prices remained the same, according to the MCC.

The reason, said the Commission, was dictated by a firm belief that increases in competitive prices in the near future "will mean a substantial increase in the blend price received by producers which will well offset the increased cost of production."

LIPOLEUM TILE — Size 9"x12". Several colors in stock. You can do the job yourself and save real money. A real bargain at 1¢ each. Enuf to do a 9x12 room in real inlaid for only \$9.60.

PLASTIC TILE — 4½"x14½". Beautiful wall tile. Sells all over at 8¢ each. A rare buy at 5¢ per tile. We will give you full instructions on how to do the job yourself.

CONGOWALL — First quality full rolls, 66 sq. ft. Just 2 patterns at this less than half special offer. Remember, this is the real McCoy — not a "just-as-good" substitute. Genuine Gold Seal.

6x9 GOLD SEAL CONGOLEUM RUGS — That sell all over at \$4.95. Our warehouse is loaded down with 75 assorted colors and designs. We need the room more than we need the rugs. Our close-out price for fast clearance, \$1.95 each.

HALL RUNNER — 24" wide. Felt base. Used to sell like hot cakes at 59¢ per yard. We're loaded — need the space — take it home at 7¢ per foot. Cheaper than wrapping paper.

FLOOR COVERINGS

LIPOLEUM REMNANTS — Real inlaid linoleum. In short pieces. Heavyweight. Sells regularly at \$2.25 and \$2.50 per yard. Close-out to make room at 97¢ per sq. yard.

FELT BASE LIPOLEUM REMNANTS — Reg. 79¢ per yard. Clean 'em out at 29¢ per sq. yard.

CARPET, BROADLOOM & RUGS

JUST 1 ROLL 12" BROADLOOM — 100% wool face. Pretty blue leaf pattern. Today's high price is \$7.95 per sq. yard. We will close out this roll at \$4.95 per sq. yard. 9x12, \$59.10.

JUST 1 9x12 CARPET RUG — It ain't pretty; it ain't high class — that's why it's left over. Nobody wanted it for \$59.95. We are tired of looking at it so the first customer comes in with \$33.75 takes it home.

25x54 SCATTER RUGS — Only the better type. Last year we used 'em for samples. This year we gotta sell 'em out regardless of quality, ½ regular price.

SMALL SCATTER RUGS — Especially bought for this sale. 300 to go at 59¢ each.

RADIOS

JUST 1 ZENITH RADIO-RECORD CHANGER CONSOLE. Like new. We took it in trade for an Admiral Television. First lucky guy takes it home for \$37.00. It's a steal.

HOME APPLIANCES

IRONERS — Automatic electric ironers. Just 4 in stock. 1 Horton, \$119.95; 3 Easy Deluxe at \$189.95 ea. 4 hard-to-get sheets and 4 pillowcases absolutely free to the first 4 lucky ironer customers, and a free home demonstration with each purchase.

WASHING MACHINES

WE DON'T HAVE MUCH TO OFFER — In washers. They are scarcer than hen's teeth. We have the permission of the manufacturer to offer free with each washer during our sale — absolutely free — a 40-pc. Cannon Towel Set. Here is your chance to get a hard-to-get EASY or WHIRLPOOL with a FREE GIFT PREMIUM.

APARTMENT WASHER — Just one "Whirlpool." It's a little shopworn — but never used. Sold for \$59.95. Take it home for \$25.00.

REFRIGERATORS — You can't find refrigerator bargains now — in fact it's hard to find refrigerators. They are getting scarcer and scarcer. However, we will give absolutely FREE with each KELVINATOR REFRIGERATOR sold during the sale, 1 \$9.95 Automatic Defroster, and 1 32-pc. set of dishes.

HOME APPLIANCES

VACUUM CLEANERS

"EUREKA" DELUXE — Reg. \$79.00. We have discontinued vacuum cleaners but found this one hiding under a pile of rugs. You can take it home for the price of a couple of handfuls of lamb chops — only \$35.00 to the first customer.

ELECTRIC BROOMS — The cutest trick we have seen in a long time. A lightweight vacuum cleaner that handles like a broom. Just the thing to clean up with in a jiffy. They sell for \$49.95. We are out of the vacuum cleaner business, so out they go at \$19.95 each. A clean sweep!

HOUSEHOLD ITEMS

HAND-PAINTED LUNCHEON SERVICE — We've had open stock for 3 years. That's pretty long — so we're cutting it out now and at 20% discount. Just take it off marked prices — and you better hurry.

PLASTIC FURNITURE COVERS — Here's your chance to protect the chairs from the kiddies' foot-marks. They're not too beautiful but they'll do the job. Sofas, \$2.77. Chairs, \$1.77.

DINNERWARE — Complete service for 6. Daddy can break 'em at these prices. Good enuf for everyday use. \$5.98.

TRIMZ READY PASTED BORDER — Either you buy it at 3¢ a roll or we throw it out. Was selling at 29¢ and 25¢ per roll.

CHAIR PADS — Bring your chairs along if you're not sure of size. What do we care! Not all colors. Were 69¢ — now 38¢. May as well take chair backs at 14¢.

LINENS AND CURTAINS

CAMEO SHIR BACK — This style is a lemon — but it may be just what you're looking for. Reg. \$5.98 — take it for \$3.33. Also picture window sizes. Sh-sh — don't tell the mfr. we did this.

SHOWER CURTAINS — All perfect, and not bad looking either — but you just didn't like them at regular price of \$4.00. But you'll go for them at \$1.33. Can't blame you. Some sets also.

DRAPES — CAMEO SHIR BACK DRAPES — "The hottest thing on the market" — that's what we were told. At \$9.98 they weren't so hot — maybe at \$4.14 you'll help us get rid of them. We have picture window sizes at \$8.88 instead of \$19.98.

PLASTIC KITCHEN CURTAINS — Just a few odds and ends for the girls who don't like to wash. Take them for 86¢.

VENETIAN BLINDS — All steel, gleaming white. Every inch from 20" to 36" — all 64" long. We're crazy for giving these away — we're told they will be hard to get within 30 days. While our stock holds out — \$2.59 each, up to 27"; 28" to 36", \$2.95 each.

TOWELS — Odds and ends. It's all we can offer and they're pretty good at that 44¢.

BATH MAT SETS — They may not be as pretty as some we've had — and we sure would like to get rid of them. \$4.98 reg. \$2.44 now.

PLASTIC BED SPREADS — We're stuck — and how! Just no room to display the things. Also some drapes, vanity skirts and shams to match. Spreads starting at \$2.66. Others, \$4.49 and \$5.55.

CURTAINS

SOILED CURTAINS — One of a kind curtains — big ones — small ones. You'll have to look 'em over yourself. The price?? You'd think I was kidding — so come look for yourself.

CAMEO CANOPY CURTAINS — They were popular for a while. You can have 'em for 55¢.

DRAPES — PRINTED DRAPES — We don't want to wait until spring to sell them at \$9.98 — would rather give them away now at \$4.44 and be done with them.

PLASTIC DRAPES — The fellow who designed them probably didn't feel too well. You can use them in the shed or back room. 66¢ and \$1.22.

PAPER DRAPES — Just a couple left. Take them at 10¢ pr. — even for Jr. to cut up.

PLAYTEX RUBBER PILLOWS — "Nothin' like them!" The mfr. has permitted us to reduce them for the sale. \$8.98.
